Canadian National
Sixth Annual Tour
To The Pacific Coast

In pursuance of a time-honored practice of affording its patrons every facility and convenience tending toward more vacation enjoyment, the Canadian National in operating its sixth annual tour confidently believe this will again prove of the greatest aid and convenience to a host of teachers, as well as to professional men and business men and women, vacation-bent.

The tour will commence at Winnipeg, from which point a special train of modern sleeping car equipment, dining car and radio observation car, will leave July 4th. The party will be personally conducted by an efficient and experienced representative of the Canadian National.

After stopping at various points of interest, the train will arrive at Prince Rupert on July 9th. At this latter point the party will embark on a palatial steamship for a cruise of 500 miles through the famous "Inside Passage" to Vancouver. While the tour terminates at Vancouver, those who desire to make a trip to "Victoria" may have their tickets read "Victoria" as their destination without any additional cost.

This mode of travel has many advantages. In the first place, it is pleasured with a view to including in the itinerary the most interesting points, which, with the other arrangements that are made, obviates the necessity of the passenger worrying about connections, sleeping car accommodation, meals, and entertainment en route. This is all done in advance by experts, leaving the passenger free to enjoy to the full the scenery and attractions attendant to such tours.

The local agent of the Canadian National Railways will be pleased to give you full particulars of this tour.
